6. Covered Services

- 6.1 The ICF shall compensate all Clients of any of its members established in the Republic in respect of claims arising out of the investment services they provide as well as ancillary services.
- 6.1.1 The Client may find the list of Investment and ancillary services provided by the Company in the Terms and Conditions of Use.

7. Amount of Compensation

- 7.1 The amount of compensation payable to each covered Client is calculated in accordance with the legal and contractual terms governing the relation of the covered Client with the Company, subject to the rules of setoff applied for the calculation of the claims between the covered Client and the Company.

The calculation of the payable compensation derives from the sum of total established claims of the covered Client against the Company, arising from all covered services provided by the Company and regardless of the number of accounts of which the Client is a beneficiary, the currency and place of provision of these services within the European Union.

- 7.2 The maximum payable compensation to each covered Client of the Company will be, either the 90% of the cumulative covered claims of the covered investor, or the amount of €20.000, whichever is lower. Therefore coverage = $\text{Min}(90\% \times \text{claimed amount}, €20.000)$. This means that, if the claim is for €50.000, the coverage will be €20.000, due to the fact that 90% of this claim, equals to €45.000. However, if the claim is for €10.000, the coverage will be €9.000 ($\text{Min}(€10.000 \times 90\%, €20.000) = €9.000$).

- 7.3 In the case whereby beneficiaries of a joint account of the Company are in their majority covered Clients:
- a. the maximum amount payable to all co-beneficiaries of the account comes up to the amount of twenty thousand Euros (EUR 20,000); and
 - b. the claims shall be allocated equally amongst covered Clients pursuant to the provisions of paragraph 7.2 unless there exist special provisions and subject to the exceptions of point (c) of this paragraph,
 - c. the claims resulting from joint investment operation where two (2) or more persons have rights as partners of a private company, association or entity of similar nature, without legal personality, for calculation purposes pursuant to the provisions of paragraph 7.2, are consolidated and are considered as an investment of one and the same investor.

The currency in which the compensation is paid to covered Clients shall be the Euro. Where the funds and/or financial instruments are expressed in a currency other than the Euro, for purposes of calculation of the compensation amount, the exchange reference rate of the said currency against the Euro, fixed by the European Central Bank at the end of the day, shall be used.
